Based in Limassol, this programme is a holiday and learning experience for the whole family. The programme is based on a communicative as well as active learning approach, where children focus on learning through discovery. Theme-based topics and age-appropriate activities are incorporated into a variety of lessons using projects, songs and role-play which focus on learning and using new vocabulary. Your child will be allocated to the correct class level according to their age and language abilities and while your child is learning you'll be learning too, in the same location. The afternoons and weekends are then left free for you to enjoy the Cypriot weather with a select choice of optional activities.
